

**Seeds, what's in the garden?**

**At the Second Sunday Garden Share**

**2 - 3 pm Sunday, September 8**

**Everett N. "Eddie" Souza Park & Community Garden  
2380 Monroe Street, Santa Clara, CA, 95051**

**Come to garden share. Bring all those extra veggies to share.**

**Not required.**

And..Now go and search what has gone to seed in your garden. That could even be that ripe tomato you love or that zucchini/cucumber that has blown up or your dry beans. Look in the garden and see what you can find, collect it and bring it to share. We will have screens for cleaning our seeds, and try out ways of threshing and winnowing with UCCE Master Gardener Hillie Salo. Bring your favorite tomato and a jar to learn how to save tomato seeds.

**We will tour the garden to see what has gone to seed.**
